## BOYS STYLISH CLOTHING OF THE RIGHT SORT

The very best that can be tailored—a large variety of styles to humor particular parents. There are lots of advantages in buying here, and not one of the least is the saving of money.

Do you know that one of the worst things that you can do for a boy is to buy him poorly-made, badly-fitting clothes? You cut him off from one of the noblest virtues—personal pride. You rob him of right training by making good care of clothes you like; don't you? Parents, is it or is it not better to have a suit that looks well, makes the boy proud and provident? Or is the other kind better—that hangs all askew and goes to pieces in no time, and makes you spend twice the money?

Fathers, mothers, boys! good clothes, at comparatively low prices, are at your service.

**Double-Breasted Suits, \$2.50 to 7.50**  
**London Norfolk Suits, \$3.50 to 7.50**  
**Overcoats, - - - - \$2.50 to 9.00**

Suits that will look well as long as a thread of them is left—good material and good tailoring and knowing-what-boys-want went into them. The patterns are new and neat. The clothing is tailored so we can stand back of it. All sizes—4 to 16 years.

### SWIPED BUGGY AND HORSE.

On Monday, just about night, U. S. Deputy Marshal N. I. McDaniel and Mr. Rousseau True drove up to the front of the customhouse, hitched their horse and went inside for a few minutes. Upon returning they found the horse and buggy gone. They at once began a search for the vehicle. In a short time they found the objects of their search, which a young man by the name of Wireman had sold for \$5 and a pistol. Wireman was shortly afterwards arrested and lodged in jail charged with the offense.

### DROUTH BROKEN.

At 8 o'clock, on Wednesday evening, a gentle rain commenced to fall, which continued all that night and until about 9 o'clock Thursday. It was a great relief from the dust and dirt that was blown about by every wind that came. The prospect is good, now that it has commenced for still more, for which we are profoundly thankful.

### Dr. Williams' Early Risers The famous little pills.

ELECTED TO GOOD OFFICE.

By a dispatch received by his brother, Capt. I. T. West, we learn that Mr. W. B. West was elected Superintendent of Schools for a big district in Indianapolis, Ind., by a pronounced majority. The office pays the handsome salary of \$5,000 per annum. Mr. West moved to Indianapolis many years ago from Jackson county, Kentucky.

### THANKS THE PRUDENTIAL.

To Whom It May Concern:

This is to certify that I have this day received a check for one thousand dollars from the Prudential Insurance Company of America, which was payable to me on the death of my husband, John H. Hamilton.

The courtesy of the agents of said company, as well as their promptness, is commendable in the highest degree.

RUTH BUCKNER HAMILTON,  
Bridgeport, Ky.

### DON'T FORGET.

The supper and apron sale to be given by the ladies of Ascension Church in the Chapel of that Church on Thursday, December 1st, from 6 to 10 o'clock, p. m.

These ladies are striving to raise the funds necessary to cover the recent repairs put upon their church.

A dainty and appetizing supper will be served.

### FINE LECTURE.

Dr. C. E. Roemele delivered a first-class lecture before the Baraca Class, of the First Baptist Church, on Monday night, at an open meeting held by that body. There were about 75 young men present, and the address, which was exclusively to young men, was listened to with profound attention by all present. It was bristling with facts, full of important information, warning and instruction.

At the conclusion a vote of thanks was extended to Dr. Roemele for the address.

torial in Army and Navy Register, October 22d.)

THE ARMY CANTEN AGAIN.

The Secretary of War has received a letter from Noel G. Gines, the Inspector General of the State of Kentucky. The author writes in vigorous protest against the argument of Inspector General Burton, of the Army, in favor of the canteen. The letter is a rambling production with the qualities of a temperance appeal, and otherwise notably as containing the charge that army officers are lawbreakers and hypocrites. This allegation is based on the assumption that there exist at numerous posts officers clubs where liquor is sold and where the horrid examples excite the enlisted men to conduct that is "revengful, reckless and obstinate." The protest would be ignored were it not for the fact that it comes from a man who has some standing in his home community, who held a commission in the volunteer army during the war with Spain, and who later was a first lieutenant of the artillery army, resigning from the military service in September, 1902. Gines did the service in the Philippines, where he unearthed the commissary frauds and played a prominent and effective part in the punishment of the culprits. Afterwards, while he was attached to the Inspector General's Department as a volunteer officer he was instrumental in dealing with certain untoward conditions in Manila at a time when treachery was rampant, and it required nerve to tackle the secret offenders. It is understood that Gines belongs to a family which is, or has been, largely interested in distillery business in Kentucky, but that incident need not of course, make him ineligible as an agitator against the canteen. Gines bears a good reputation on account of his volunteer service, and that recollection is the only thing which saves him from being held up to ridicule on account of a letter which does him no special discredit, however one is inclined to give him the "benefit of the doubt."

(In next week's paper a letter from the same paper on this subject will be published.)—Editor.

### HAD A VALUABLE REPUTATION

Fame as a Liar Makes a Newspaper Reporter Secure in His Position.

"You have gained a great reputation as a liar," said the editor to the reporter, according to the New York Sun.

"Yes, sir, I realize that, but I can't help it. My reputation is the product of a great mystery."

"Indeed?"

"Yes, sir. I remember everything I see or hear, while my companions forget it. The result is that they dispute my stories, and the majority being against me I am convicted of falsehood."

"Give me an example," said the editor.

"Well, sir, the proprietor of this paper one day remarked in the hearing of the gang that you were a man of extraordinary ability. A month later in discussing your qualifications for your position at the press club I mentioned this remark of the proprietor's and attempted to prove what he said by several of those who had heard it. They had all forgotten it, however, and proved by the appearance of testimony that I was a liar."

"You were unfortunate," said the editor. "But have a cigar, and by the way, I have a nice assignment for you to-day."

"Thank you, sir."

## ARM BROKEN.

Mrs. Will G. Goodwin was so unfortunate as to have her left arm broken, on Sunday morning. She was in the yard of her residence when a pet dog tripped her up and, falling upon her left arm, the small bone was broken just above the wrist.

These good people have had a number of misfortunes lately. First, their son, Mr. Emmitt Goodwin, was accidentally shot in the leg, next Miss Bessie Goodwin was attacked with double quincy, and now comes this last affliction.

## A SURE THING.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre, of Shepherdstown, W. Va., says: "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery cured me absolutely. It's infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by all druggists. Trial bottles free. Reg. size 50c, \$1.00."

## One Minute Cough Cure For Coughs, Colds and Croup.

"DO IT TO-DAY."

The time-worn injunction, "Never put off 'till to-morrow what you can do to-day," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps 10 weeks. Take some reliable remedy for it to-day—and let that remedy be Dr. Hatcher's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists. 1 yr.

### DEDICATION OF SOUTHERN PRESBYTERIAN CHURCH.

The beautiful new, and entirely modern, Southern Presbyterian Church was dedicated on Sunday last.

At the morning service there was a large congregation present and the pastors of the Methodist and First Presbyterian Church were in the pulpit in company with Rev. Wm. Crowe, the pastor of the church, and Rev. Dr. D. Clay Lilly, of Tuscaloosa, Ala. (former pastor), and assisted in the services.

Dr. Lilly preached an eloquent and stirring sermon, which was very greatly enjoyed by every one present.

At the conclusion of the sermon, a statement of the financial status of the church was given, showing that a deficit of some \$3,500 still remained to be provided for.

In a short while some \$1,825 was raised in subscriptions and cash.

The benediction was then pronounced.

At the evening service Dr. Lilly again preached a helpful, instructive and strong sermon upon the character and troubles of Job and the lessons drawn therefrom, to a fine audience.

Quite a number of voluntary subscriptions were made by those present, which brought the total up to about \$2,000.

This came to a close a happy day for this noble and struggling body of Christians and their able and consecrated young pastor. They have labored unceasingly and nobly, and they have every reason to be proud of their beautiful church. It will be a monument, when their bodies have returned to dust, more enduring than brass or iron.

Rev. Dr. Lilly, who was the pastor some ten years ago, and always has been a man of ability, has grown in breadth of thought and insight into the needs of mankind, which is a source of gratification to his many friends in this city.

We tender our very warmest congratulations.

## Consumption

Salt pork is a famous old-fashioned remedy for consumption. "Eat plenty of pork," was the advice to the consumptive 50 and 100 years ago.

Salt pork is good if a man can stomach it. The idea behind it is that fat is the food the consumptive needs most.

Scott's Emulsion is the modern method of feeding fat to the consumptive. Pork is too rough for sensitive stomachs. Scott's Emulsion is the most refined of fats, especially prepared for easy digestion.

Feeding him fat in this way, which is often the only way, is half the battle, but Scott's Emulsion does more than that. There is something about the combination of cod liver oil and hypophosphites in Scott's Emulsion that puts new life into the weak parts and has a special action on the diseased lungs.

A sample will be sent free upon request.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

To Morphine From Doctor's Orders.

Habit Worse Than the Disease.

Dr. Miles' Nerve Cure Me.

When the nervous system has been shattered by the use of deadly drugs there is nothing to equal Dr. Miles' Nerve Cure in restoring it to health and normal activity.

"I feel so grateful for what Dr. Miles' Restorative Nerve Cure has done for me that I must tell it for that part of humanity that suffers as I have. During the three years I suffered from nervous prostration I found no relief except when doctors gave morphine. To get rid of suffering I took morphine myself as it was the only thing that would give ease, and now you, who point with scorn at morphine using, how could you, when in such agony, knowing it about the only thing that would give relief, resist it? I knew it was a terrible habit, and I knew of its deadly grip but I never fully realized its significance until I had used it a number of months. Oh, the misery of being added to such a habit. I resolved then and there to quit it and resolved I would never be a slave to any such demon. About this time I happened to notice Dr. Miles' Restorative Nerve Cure advertised and ordered a bottle. After using five bottles I can truthfully say I am cured of using morphine. Now, however much persons may doubt it, God is my witness I am cured. This testimonial is unsolicited but I feel it my duty to give it for the benefit of the suffering."—MARTIN FULLER, Prescott, Ark.

### THE PASTOR'S INSTITUTE IS FOR ALL WORKERS.

The Sunday-school superintendents and teachers of the State are making a mistake by not attending the Pastor's Sunday-School Institute to be held in Louisville, December 5-9. Though it is called a pastor's institute, still a moment's thought will show that the pastor's work must be done through his officers and teachers, and that the work of the institute will be just as valuable to them as to him. A glance at the program will convince any one of this. The first day is called "Pastors' Day;" the second, "Superintendents' Day;" the third, "Teachers' Day;" the fourth, "Parents' Day." If superintendents, teachers and parents can not attend the full session they should at least attend on the day set apart especially for their work. Write for a program, examine the rich array of subjects, remember the noted experts constituting the faculty, and then see if you can afford to stay away. Full particulars may be had from E. A. Fox, Louisville, Ky.

### OPENING OF SUBWAY.

We have been placed under obligations to Col. Ed. P. Bryan, of Bound Brook, N. J., Vice-President of the New York Subway, for a copy of the program of the opening of that magnificent enterprise for the upbuilding of that splendid city.

Col. Bryan has made a fine record and has established himself as a man of ability and foresight, and we congratulate him upon his success.

### THE COMPANION INFORMS AND ENTERTAINS.

The Youth's Companion uses entertainment as a means rather than an end, conveying always in its fiction and its articles some convincing truth or some contribution to the useful knowledge of its readers.

The 225 men and women enlisted to write for the Companion represent an inflexible variety of talents and endowings. Through The Companion they address not only the young and impressionable, but the fathers and mothers of the nation. The entire family claim a share in the good things which fill The Companion's pages.

Full Illustrated Announcement, describing the principal features of The Companion's new volume for 1905, will be sent to any address free.

The new subscriber for 1905 will receive all the issues of The Companion for the remaining weeks of 1904 free from the time of subscription, also The Companion "Calendar" for 1905, lithographed in twelve colors and gold. THE YOUTH'S COMPANION, 141 Berkeley St., Boston, Mass.

### BOYS' WORK CONFERENCE.

The Second Annual Boys' Conference of the Kentucky Young Men's Christian Association will be held in Shelbyville on the Friday, Saturday and Sunday following Thanksgiving, November 25-27. This gathering is practically a State Convention for the discussion of boys' work, and is conducted by the State Executive Committee in response to a widespread and rapidly growing conviction that this phase of association work largely involves the permanence and efficiency of the movement.

Shelbyville is well located with reference to securing a large attendance of boys, being about the geographical center of association work in the State. The conference will open on Friday afternoon with a banquet, provided and served by the ladies' committee of the Shelbyville Association. In addition to the inspirational themes to be treated, practical phases of boys' work will be taken up and discussed by the boys themselves, an effort being made to place upon them the responsibility for the conduct of the work for "the other fellow."

There will be present a number of specialists in boys' work who will participate in the Conference, some of these being: E. M. Robinson, Boys' Work Secretary International Committee, New York; M. D. Cracker, Secretary West Side Boys' Club, Cleveland; H. E. Montague, Boys' Work Director Louisville Association. These and other prominent association leaders will contribute to the success of the gathering. The boys' orchestra of the Louisville Association, composed of sixteen musicians, will furnish the music for the Conference.

Attendance will be limited to boys from the associations of the State, each city and railroad association, and each county organization, being allowed ten delegates. A rate of one and one-third fare for the round trip has been granted by the railroads, and free entertainment will be provided for all delegates.

Coming as it does, during the Thanksgiving holidays, when there will be little or no conflict with attendance at school, the Conference will, without doubt, be largely attended. Further information can be secured from any Association Secretary, or by writing to B. W. Godfrey, Department Secretary State Committee, Third and Broadway, Louisville.

### THE CHRISTMAS DELINEATOR.

The December Delineator, with its message of good cheer and helpfulness, will be welcomed in every home. The fashion pages are unusually attractive, illustrating and describing the very latest modes in a way to make their construction during the busy festive season a pleasure instead of a task, and the literary and pictorial features are of rare excellence. A selection of Love Songs from the Wagner Operas, rendered into English by Richard de Gallienne, and beautifully illustrated in colors by J. C. Leyendecker, occupies a prominent place, and a chapter in the Composers' Series, relating the Romance of Wagner and Cosima, is an interesting supplement to the lyrics. A very clever paper entitled "The Court Clerks of the Republic," describes some unique phases of Washington social life from an unannounced contributor, who is said to write from the inner circles of society. There are short stories from the pens of E. Hopkinson Smith, Robert Grant, Alton Brown, Mary Stewart Cutting and Elmore Elliott Peake, and such interesting writers as Julia Magruder, L. Frank Baum, and Grace MacGowan Cooke hold the attention of the children. Many Christmas suggestions are given in needlework and the Cookery pages are replete with the Christmas feast. In addition, there are the regular departments of the magazine, with many special articles on topics relating to woman's interests within and without the home.

## VAGARIES OF A COLD.

You can never be quite sure where a cold is going to hit you. In the fall and winter it may settle in the bowels, producing severe pain. Do not be alarmed nor torment yourself with fears of appendicitis. At the first sign of a cramp take Perry Davis' Painkiller in warm, sweetened water and relief comes at once. There is but one Painkiller, Perry Davis'. 25 and 50 cents.

## A CRACKER JACK.

Our friend, Mr. Jas. N. Talbott, of Butte, Mont., has sent us a sample ballot, which was used in Silver Bow county, Mont., on Tuesday last. It is 42 inches long, by 28 inches wide, and has 10 different tickets to be voted for. There is no device, under which to place the cross mark, but each voter has to put his stencil opposite the name of every candidate he wishes to vote for.

We thought our ballots were large enough, but this gets away with it.

## THANKSGIVING DAY PROCLAMATION.

Mayor J. Henry Powell, of Henderson, the original and only, has issued a proclamation for Thanksgiving Day, which is unique. Mayor Powell was formerly a citizen of this city and has a host of friends yet living here.

Here is the proclamation:

"By authority vested in me, as mayor of the unpretentious little city, I do thus publicly proclaim: Whereas, in accord with Christian custom, Thursday, November 23, 1904, hath been set apart as a day of thanksgiving and prayer, I do beseech saints and sinners to go to church and be good. Whether chanting hymns, shooting quail, or sipping delicious poison from the eyes of beauty, 'keep innocency, and take heed unto the thing that is right, for that shall bring a man peace at the last.' Let us be thankful that our colonels are not so full of corn as our corn is full of kernels. Though the surrounding soil, tickled with a hoe, is laughing with a harvest, poor folks are still with us. Front thin soup and cold potatoes, good Lord deliver them. Oh! Christian men and women, astonish the stomach of the starving sufferer with oysters, turkey and mince pie. Adorn the ragged pauper with comfortable clothing. An ounce of practice is worth a pound of preaching. Dearly beloved, let us play upon a harp of a thousand strings a new song of praise, give thanks unto the Lord for the most charming crop of beautiful babies ever born in the old town since creation dawned and the morning stars sang together. Sweet, dainty darlings, smile on, like sunbeams in shady places. Kick up your little heels and make of earth a Heaven. With charity unto all and malice toward none, I do herewith subscribe my official signature to the words that have been written this 3d day of November, 1904.

"Mayor of Henderson, Ky."

If the arrangement does not slip a cog, which is very improbable, the City School will go to the World's Fair in a body, Wednesday next. It is proposed to have the sleeping cars, in which the scholars go, to remain while the school is there so that they can sleep in them at night.

The whole trip will cost \$15, and is a rare opportunity for the children to get a vast amount of education of immense benefit, at very small cost.

The cost is very moderate. Board and rooms in farm houses and small summer hotels at rates averaging from \$5 to \$8 per week. There are also many furnished cottages for rent at reasonable rates. ## OUR MOTTO: "GRADE HIGH." "PRICES LOW."

We mean just what we say—"High Quality—Low Prices." Some people think that a good article can not be had for a low price—that, if they pay a good price they are always sure of a good article. That is wrong. Sometimes merchants cut the prices on excellent goods below cost just to get people into the store—they lose money to make trade. That is the case when we offer Glenmore Whisky at \$2.00 per gallon.

### CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free exportation in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer clime, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those that use German Syrup. "What a brute!" I heard a lady say as I rose from the dinner table in the hotel, says the Chicago Inter Ocean. I did not know that I was the person to whom she referred till afterward, when a friend of mine who was sitting at a table near by spoke of the matter.

"The lady at your table last night thought you were a brute," he remarked, laughingly.

"I heard her use the word, but it never occurred to me that I was the person she alluded to. What did I do?" I asked.

"You carried off your newspaper."

"Well," I asked, "what of that? It was mine."

"I gathered from what she said to the waiter," continued my friend, "that in the town where she lives the hotel furnishes its guests with the daily papers. They are placed on the tables in the dining-room and are free to all. She supposed all hotels did the same, and that you were carrying off a paper that was common property. She considered you a brute, because she was not accustomed to seeing hotel guests buy their papers."

### A WINDING TUNNEL.

The subject of a tunnel connecting Ireland and Scotland has been brought before the British government, and the project will be pushed if the requisite financial support can be obtained. The estimated cost is \$50,000,000. The route provisionally selected is from Stranraer in Scotland to Belfast in Ireland. The total distance is 31½ miles, of which 24½ miles would be under the sea, along a line where the maximum depth is 480 feet. Electric motors would be used to drive the trains at an average speed of 60 to 70 miles per hour.—Youth's Companion.

### THANKSGIVING PROCLAMATION.

The President has issued the following proclamation appointing Thursday, November 24, as a day of thanksgiving:

By the President of the United States of America:

A Proclamation: It has pleased Almighty God to bring the American people in safety and honor through another year, and, in accordance with the long unbroken custom handed down to us by our forefathers, the time has come when a special day shall be set apart in which to thank Him who holds all nations in the hollow of his hand for the mercies thus vouchsafed to us. During the century and a quarter of our national life, we as a people have been blessed beyond all others, and for this we owe humble and heartfelt thanks to the author of all blessings. The year that has closed has been one of peace within our own borders, as well as between us and all other nations. The harvest has been abundant, and those who work, whether with hand or brain, are prospering greatly. Reward has waited upon honest effort, we have been enabled to do our duty to ourselves and to others. Never has there been a time when religious and charitable effort has been more evident. Much has been given to us and much will be expected from us. We speak of what has been done by this nation in no spirit of boastfulness or vainglory, but with full and reverent realization that our strength is as nothing unless we are helped from above. Hitherto we have been given the heartiest strength to do the tasks allotted to us as they severally arise. We are thankful for all that has been done for us in the past and we pray that in the future we may be strengthened in the unending struggle to do our duty fearlessly and honestly, with charity and good will, with respect for ourselves and with love toward our fellowmen. In this great Republic the effort to combine national strength with personal freedom is being tried on a scale more gigantic than ever before in the world's history. Our success will mean much not only for ourselves, but for the future of all mankind; and every man or woman in our land should feel the grave responsibility resting upon him or her, for in the last analysis this success must depend upon the high average of our individual citizenship. Upon the way in which each of us does his duty by himself and his neighbor.

Now therefore I, Theodore Roosevelt, President of the United States, do hereby appoint and set apart Thursday, the 24th of November, to be observed as a day of festival and thanksgiving by all the people of the United States, at home or abroad and do recommend that on that day they cease from their ordinary occupations and gather in their several places of worship or in their homes, devoutly to give thanks unto Almighty God for the benefits He has conferred upon us as individuals and as a nation, and to beseech Him that in the future His divine favor may be continued to us.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this 1st day of November, in the year of our Lord, 1904, and of the independence of the United States the 129th. By the President,

THEODORE ROOSEVELT.

JOHN HAY, Secretary of State.

### A Fast Locomotive.

Batevia has been trying the American locomotive, and likes it all except its "uncertain scratch." Our engines are somewhat vociferous, they need to be, in order to give fair warning of their swift approach. It was an American engineer who told of the exploit of a locomotive of which he once had charge—that it ran so fast that it reached the station ahead of the sound of its whistle, which came along a second or two after the train had stopped.—Troy Times.

### MOTHERS PRaise IT.

Mothers everywhere praise One Minute Cough Cure for the suffering it has relieved and the lives of their little ones it has saved. A certain cure for coughs, croup and whooping cough. A. L. Spafford, Postmaster, of Chester, Mich., says: "Our little girl was inconsolable from strangulation during a sudden and terrible attack of croup. One Minute Cough Cure quickly relieved and cured her and I can not praise it too highly." One Minute Cough Cure relieves coughs, makes breathing easy, cuts out phlegm, draws out inflammation and removes every cause of a cough and strain on lungs. Sold by J. W. Gayle.

Newton explained by the discovery of gravitation why the planets follow these laws, and established a theory of mutual attraction which holds true throughout the whole of the heavenly bodies. This discovery, which seems at first sight to have little to do with our inner nature, really gives as the standpoint upon which the lever of moral action must be placed to move mankind; for it was the thin end of the wedge which has slowly, but surely driven out the idea of caprice, chance, and special interference from the universe, and that our life, too, is a part of a fixed and stable purpose emanating from Infinite knowledge and power. So, indirectly, we come to know ourselves and to acknowledge the guidance of a master builder who shall fashion our mortal bodies after the similitude of the heavenly while the soul shall be clothed with the garments of immortality. The more we study the growth of popular education in this country, the clearer it seems that no power less irresistible than this reawakened energy of the people—will ever educate all the children. "It is now summoned in every State to do what the educational public of New England did fifty years ago under Horace Mann; what New York did ten years later, under Paine and May; what Pennsylvania did later yet, under Stevens and Hicks and Wickersham; what Ohio did under Lewis and Guilford, what every one of these States has been compelled to do; organize a vast movement, as intense as a church revival, as comprehensive as a political campaign in behalf of universal education."

Here in Kentucky, as elsewhere, this great propaganda has been laid out at first by the educational public, that is, the superior teachers working along with the influential friends of education which must be a superior agency for holding the people to the support of the common schools. Napoleon said: "When a great thing is to be done in public affairs keep away from the leaders and go to the people," and "the people" that shall finally bring peace, confidence, reconciliation, through all our borders are the youth and the children now being trained for the grandest effort of Christian civilization—the ethics that ever confronted a generation of men—the education of the head, the hand, and the heart of young America. Then, as Thomas Jefferson said, "If we educate the children aright our descendants will be wiser than we, and many things impossible to us will be easy to them." American illiteracy means ignorance, narrowness, and dullness of mind which stunts every untutored man or woman from the great modern source of reliable knowledge concerning every thing—the printed page.

Illiteracy in labor means an enslaved people, doing work with every muscle, fragments of brain, fragments of character, and a suggestion of spirit. Illiteracy in the home means that this same class of people—exists—with a faithful percentage of children below the age of 10, launched into life weighted with all manner of physical ailments, to say nothing of the curse of intemperance and the swarming brood of vices—such illiteracy being the champion bulwark against "the light of the world." Illiteracy in civil life means irresponsible officers, fraudulent voters; government of the public trust by politicians. The message of the educational public reads:

"No people can be educated in any other way than by itself, in a system of instruction, organized, supported, and supervised by the

whole people, through competent agents elected by and responsible to themselves."

If any taxpayer objects to this, "that he does not believe in schooling other people's children," let him wait till the neighborhood is filled with illiteracy, and then ask if it is more profitable then to pay for other people's children as paupers, criminals, unskilled laborers or voters banded together for nihilistic and insubordinate paganism? Education is responsible, like religion, only for what it has the opportunity to do in a thorough, sensible, and persistent way, and the most economical manner of dispersing private wealth for philanthropic purposes is to supplement public taxation—building school houses, erecting libraries, and developing the true spirit of American interest and patriotism. The poorest kind of charity is to support an impenetrable incompetency as a school teacher—at the expense of your own children!

In the most favored States hardly one youth in twenty above 13, is in any school. The school age is from 6 to 14. In the North Atlantic division of States, 75, in the North Central, 77, in the Western division 70 per cent. of all children between 6 and 14 represent the average attendance on the public schools and the same ratio of private attendance. Thus in round numbers only 54 per cent. of the children of the South, between 6 and 14, are in regular school attendance, and the ratio beyond that age is smaller in the North. Kentucky is very progressive, intelligent and broadminded in establishing schools and in every practicable way promoting educational ethics. Knowing that the present child must be taught scientifically if he is to be a professional, farmer, trader, or business man in the coming years. When the poet asks: "Can the stars give us peace," we must answer yes, for in these, the most mechanical, and, therefore, the most complex of nature's problems, we find invariably that continuity, constancy and stability, which are but different forms of energy or the power of doing work—disappear as do light or heat—reappearing as electricity or affinity in building up the cells of plants, the tissue of animals, or the seed forms of thought. Then, as Ruskin said: "Let every dawn of morning be to you as its close. Let every one of these short lives leave its short record of some kindly thing done for others, some goodly strength or knowledge gained for yourselves."

"The glory of our life Comes not from what we do or what we know, But dwells forever in what we are." N. S. COX.

**GOOD SPIRITS.**

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State ever did remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active, and thus insure you a liberal supply of "good spirits." #### WHY IT SUCCEEDS.

Because it's for One Thing Only, and Frankfort is Learning This.

Nothing can be good for everything. Doing one thing well brings success.

Doan's Kidney Pills do one thing only. They're for sick kidneys.

They cure backache, every kidney ail.

Here is Frankfort evidence to prove it. Mrs. Anna M. Kavanaugh, widow, residing at 50 Main street, corner of Todd, says: "I received no permanent benefit from all the different medicines I took for a number of years past trying to find relief for the intense suffering I endured across the small of my back, seemingly caused from congestion of the kidneys that my doctors gave me up; however, I got better, and continued to suffer with the dreadful misery in my back and an annoying and distressing weakness of the kidneys. I read the splendid testimonials about Doan's Kidney Pills in our papers and this induced me to make one more effort. My grandson procured a box for me at J. W. Taylor's drug store, and to my most pleasant surprise they gave me immediate relief, and by continuing the treatment I found myself remarkably improved."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
